

INSURANCE PREMIUM PREDICTION

WIREFRAME DOCUMENT

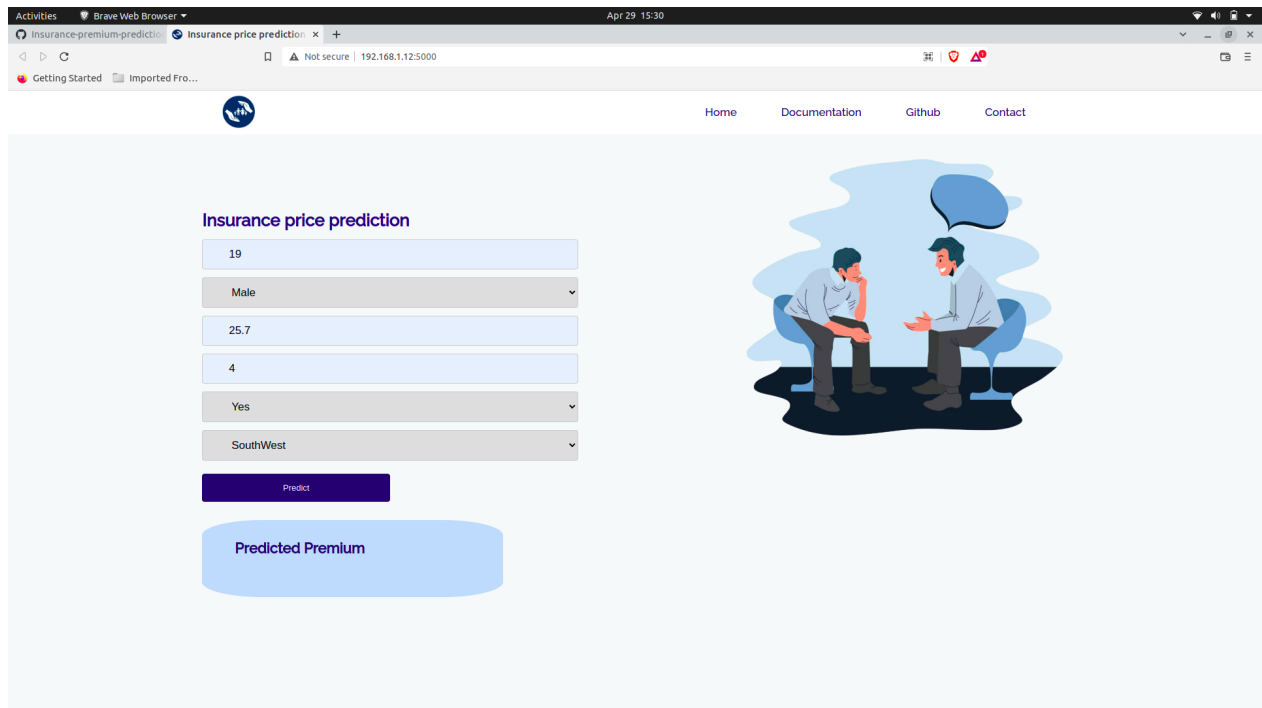

Prajwal Krishna

Homepage

Homepage consists of a single page having a different input section and submit button. The page is designed in such a way that users can insert their inputs

according to their health status. There are 6 input sections in the homepage where the user will have to enter the correct entries as per their health status.

Webpage looks

The screenshot shows a web browser window with the title "Insurance price prediction". The address bar shows the URL "192.168.1.12:5000". The page has a navigation bar with links for "Home", "Documentation", "Github", and "Contact". The main content area features a form titled "Insurance price prediction" with the following inputs:

- Age: 19
- Gender: Male
- BMI: 25.7
- Number of children: 4
- Smoker: Yes
- Region: SouthWest

Below the inputs is a "Predict" button. Underneath the button is a light blue rounded rectangle labeled "Predicted Premium". To the right of the form is an illustration of two men sitting on chairs and talking, with a speech bubble above them.
